

Year 3 Tasks for week beginning 1st June

Dear Parents, please use these ideas to support your child's learning while they are at home this week. Most of the task ideas are based on what the children would be doing in school at the moment. We appreciate this is not easy for you, so please do not let it cause you or your child stress if they find it too difficult. Please email teachers@kelvedonhatch.essex.sch.uk if you have any questions related to your child's learning and someone will get back to you.

Uploading to purple mash.

To upload pictures to purple mash, they will need to go onto a template and then uploaded into the year 3 folder. To do this you will need to click on 'tools', click on '2 publish', find any template you like, click the green arrow, click 'from my PC' and then select your picture/pictures. To save into the year 3 folder click on the three horizontal lines on the side of page and then click the 'year 3' folder.

English

- Spellings set on Purple Mash
- Reading set on Purple Mash
- Reading comprehension set on Purple Mash

Over the next few weeks we will be looking at significant authors. This week I'd like you to research Roald Dahl. Write a paragraph or two about who he is, where he is from and write about his life. You might want to tell me if you've read any of his books. This only needs to be short and to the point.

Then I'd like you to watch the film of Charlie and the Chocolate Factory. Please note that if you watch the film you might want to explain that it is just based on the book that Roald Dahl wrote.

<https://www.roalddahl.com/home/kids> There are lots of Roald Dahl resources on this website.

Maths

- Please log onto Times Tables Rock Stars and practice your times tables.

This week I'd like you to watch the lessons on the White Rose website (this is a recap as we have already looked at fractions) If you have the resources please print the worksheet attached to the lesson and work through those. Alternatively, write the question number down followed by the answer. Upload your work to Purple Mash.

Science

As we have been looking at humans for the past few weeks we will be moving onto looking at animals. This week work will be set on Purple Mash but if you'd prefer to complete a hard copy of the task and upload it to Purple Mash as a picture that would be fabulous! I love to see all their creative work!

- Please note that one of the tasks is to research the butterfly lifecycle so provision on research may be needed!

Topic

Last week you created a poster on a place in this country. This week I'd like you to compare that place to Rio De Janeiro which is a city in Brazil. You might want to create a chart similar to the example below. Feel free to draw little pictures next to your writing for examples. Find similarities and differences in your chart.

Birmingham	Rio De Janeiro
<ul style="list-style-type: none">• Population 1.086 million<ul style="list-style-type: none">• Inland• Industrial - cars and planes	<ul style="list-style-type: none">• Population 6.32 million<ul style="list-style-type: none">• Seaside city• Finance and trade
